Byhand African Artisans

Welcomes you to The Farm.

The Farm is the title of the Byhand
African Artisans' handcrafted interior
accessories collection of 2018/19.

All designs are crafted by carefully
curated artisans in North and East
Africa.

Materials are natural, sourced from
the mountains and rich soils of this
continent.

Sculpted, carved, stitched, bent and
shaped by skillful artisan hands, feel
the time and the care we take to bring
forth some of the best craftsmanship
of Africa.

“There is pleasure in the
pathless woods, there is
rapture in the lonely shore
there is society where none
intrudes, by the deep sea
and music in its roar; I love
not man the less, but Nature more.”

Lord Byron

“Life in each season as it passes; breathe the air, drink the drink, taste the fruit, and resign yourself to the influence of the earth.”

Henry David Thoreau

A photograph of a vast, misty mountain landscape. In the foreground, the dark, silhouetted tops of evergreen trees are visible against the lighter background. Beyond the trees, a series of rolling mountain ranges stretch across the horizon, their peaks softened by a thick layer of white mist or low clouds. The sky above is a pale, hazy blue, suggesting a clear but slightly overcast day. The overall mood is serene and expansive.

I felt my lungs inflate with
the on rush of scenery - air,
mountains, trees, people. I
thought, "This is what it is to
be happy".
